

# Phones

Phones are an important part of our lives, but they are distracting. Distractions at work can compromise the quality of the job and safety.

What is the company policy for phones in your workplace?

---

---

---

How could being distracted at work compromise safety?  
Whose safety could it compromise?

---

---

---

---

---

Are there any instances where it is ok to use phones?

---

---

---

---

---

Apprentices and supervisors from the automotive industry shared their ideas after watching this video:

*"Phone Policy is fair"*

*"Kept to a minimum during work hours"*

*"Safe storage in lockers"*
